

**Associate of Arts Articulation Agreement between
Seattle Community College District
And
North Central College**

To create a clear and easy pathway for students of the Seattle Community College District (SCCD), consisting of North Seattle Community College, South Seattle Community College and Seattle Central Community College, to transfer to and complete their baccalaureate degree at North Central College, this direct transfer agreement (DTA) outlines transfer requirements, provisions, and related advertising considerations. This DTA does not guarantee admission to the university or to the specific program/major.

1. Upon completion of the Associate of Arts degree (A.A.) degree at the Seattle Community Colleges, students will be accepted by North Central College at junior status with 90 quarter transfer credits. Transferring students must have a minimum cumulative grade point average (GPA) of 2.25 or C+. Courses numbered lower than 100-level are not included in this transfer agreement.
2. A maximum of 90 quarter credits (60 credit hours) may be transferred from a two-year college.
3. International students who complete ENG 101 and ENG 102 with a grade of 2.0 or higher will have met the English proficiency requirements of North Central College, and will not need to submit separate proof of English proficiency at the time of application.
4. SCCD and North Central College may choose to co-develop written materials outlining for SCCD students programs, policies and procedures relevant to this DTA. This DTA will be publicized in newsletters, course schedules and other promotional materials.

This agreement will remain in effect until a mutually agreed-upon change is deemed necessary. This agreement may be terminated by the SCCD or North Central College with appropriate written notification. Each institution agrees to provide termination notice one year prior to intended change.

SCCD and North Central College officially authorize this agreement on

29th Day of August 2012 with the agreement becoming effective immediately.
